

Place for dreaming,
place for healing.

VERMEIREN
we care for you

A premium selection of bedroom home care solutions

Selecting the right homecare bedroom is a pivotal decision for recovering, maintaining independence at home or improving comfort. A good homecare bed is more than just a bed. Its unique features are to improve comfort, improve recovery or to support you in your daily routine.

Moreover, homecare beds empower those with mobility or health challenges to reclaim independence. Adjusting bed height, elevating the headrest, and changing positions independently enhance autonomy and confidence.

In essence, a homecare bed is not just a bed with some additional features. It's an investment in well-being and autonomy. At **VERMEIREN**, we have more than 65+ years of experience in mobility solutions. Our beds are the result of European expertise and knowledge to help you get the best sleep and comfort in your bedroom.

Illico

- Electrical adjustment
- Lying surface from 29 to 82 cm
- Wooden or metal barriers
- Tool-free quick assembly

The **Illico** bed was designed with installation technicians in mind, offering a quick and tool-free assembly process. Designed for both ease of assembly and adaptability, the Illico healthcare bed lets you switch between 2-function and 3-function configuration in mere minutes, ensuring quick setup or upgrades.

ABOUT THIS PRODUCT

Bed table 376

ABOUT THIS PRODUCT

Ideal for home or care facility use,
in combination with a bed,
sofa or a recliner.

The bed table **376** is height adjustable, can be partially tilted and has wheels for easy reading. You can both read in a comfortable position whilst a drink, remote, pen... is resting on the smaller horizontal side table.

Comodini

When the table is tucked away,
the bedside table is a stylish
modern bedside cabinet.

Our **bedside tables** work perfectly in combination with your bed. The wheels with brakes ensure stability and safety when reading or having the table extended over your bed. It is equipped with a drawer and a cupboard with 1 shelf to ensure you always have easy access to things you might need.

Model 385

ABOUT THIS PRODUCT

Rolling table 378

The table height is adjustable to match any furniture you already have

This **wooden table** with metal frame can be used interchangeably with several **VERMEIREN** products such as a geriatric chair, a lift chair or a comfort chair. It can be set in various positions of inclination and each wheel has its individual brake.
